WUN
womens utilities network

We asked WUN Board members & advocates to share their thoughts on IWD.

As at WUN we recognise that as important as it is to shine a light on International Women's Day, it's even more important to acknowledge that the significance of women in the workplace is not only highlighted last week but every day. Hear thoughts on -

- ✦ Equality vs Equity
- ✦ Why is IWD important?
- ✦ Why is WUN different?

WUN Podcasts

Listen to our latest podcasts

#Career Stories with Angela Love

We speak to Angela Love to hear more about her deep and varied career across the energy sector.

Angela has over 25 years of experience in the EU/UK energy market covering public affairs, finance, governance, regulation and communications. Listen in to hear more about Angela's fascinating journey and the lessons she has learnt along the way.

How you can identify and manage burnout with Karen Boyd, Miabo Consulting

WUN Founder Hayley Monks speaks to Karen who explains what burnout is, what the symptoms look like and what practical tips and strategies you can adopt you help you manage burnout.

Karen, a career & confidence coach specialising in helping people build fulfilling careers and mental fitness.

You can follow our podcast on Apple Podcasts, Spotify, Amazon Music and wherever else you get your podcasts – just search “WUN4ALL”.

Join the free WUN Mentoring Programme

Our Mentors

WUN
womens utilities network

WUN offers mentoring to women at any stage of their career in the utilities sector.

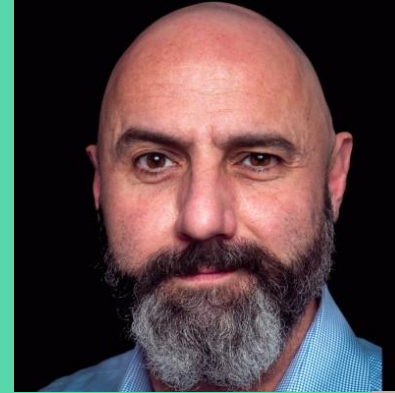

We are hugely privileged to have some fantastic experienced mentors within the WUN mentoring programme.

With growing numbers of Mentors and Mentees we are delighted with the community and support fostered within the mentoring programme.

If you are interested in becoming a mentor or a mentee please visit our website: <https://thewun.co.uk/mentoring/>

Speakers - Matthew Roderick N3rgy

Matthew is Managing Director of n3rgy. n3rgy provides digital services to business involved in the transforming energy market. Matt himself is a disruptor and his career has been focused on disrupting the status quo with new services and initiatives that fundamentally change businesses and, occasionally, entire markets. Now focused on transforming energy systems into a smart digital world.

Kate Frazer, Product Development lead for ElectraLink

Kate is an energy market expert specialising in smart metering and smart data. With over 25 years' industry experience, compliance with a "can do" approach is Kate's superpower, and she has in-depth knowledge of regulatory and technical landscapes in GB utilities.

After spending over 10 years deeply involved in the UK's smart meter programme, Kate has a comprehensive understanding of roles and responsibilities in the smart metering ecosystem, DCC operations, the SEC and the REC. Kate now leads new product design and business development for smart data solutions at ElectraLink – operators of the energy market's Data Transfer Service and experts in providing data and insights for innovative data use cases.

Speakers - Ben Dhesi Creator of Hugo Energy App

Ben is back, this time the goal is to help families save carbon, save the climate and reduce their energy costs at home, using their smart meter data. The HUGO energy app does all this for families by helping them beat energy budgets, find cheap renewable tariffs and setting off their CO2 footprint. Get the family involved @ www.hugoenergyapp.co.uk

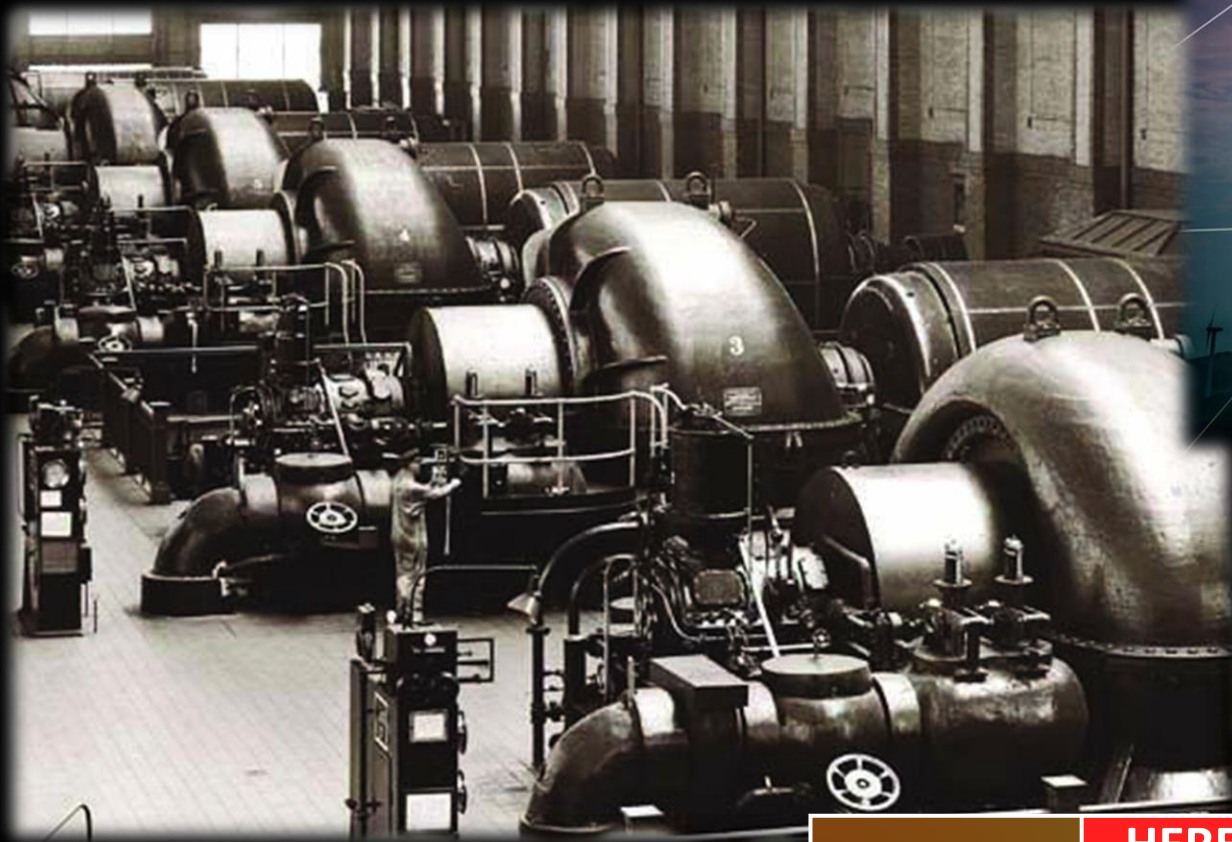

Formerly Ben was the founder of Pulse Business Energy which was acquired by Arrow Business Communications.

Energy Data

Where are we ?

HERE

Value of Data

- Educate and Inform
- Influence behaviours
- Define and Measure benefits
- Finance change
- Link Price to Cost
- Link Location to Cost to Carbon
- Enable Transparency
- ~~Control~~ Influence devices
- Lower costs for all

Could I ask...

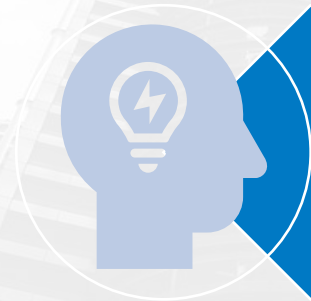

- Default to open
- Don't try to control everything
- Don't just *talk*, it's time to *do*

Data Privacy / Data Sharing Challenge
